CHIKINKI

Tomboy Remixes

Gomma regular Tomboy, aka Tomas Barfod comes up with the goods yet again as he delivers two scorching dance-floor orientated remixes of Chikinki for Kitty-Yo.

First up Tomboy gives us his inimitable electronic disco sound. A great bassline-led percussive groove is teamed up with equal measures of bounce and cheeky twists of acid which drive the original vocal into rave oblivian. A retro dancefloor winner in the making.

The flip similarly demonstrates Tomboy's knack for making no-nonsense bass heavy cuts. This offering is also a relentless 4-to-the-floor track which ducks and dives around sporadic and stretched vocals, handclaps and lo-fi percussion.
