## SHADOW HUNTAZ & KAREEM

Kitty-Yo Digital proudly presents its' latest release: an outstanding collaboration between America's all-star Hip Hop/Electonica pioneers Shadow Huntaz (located in Los Angeles, Philadelphia, Chicago) and the Berlin based producer, label-owner and DJ Kareem. Having already dropped beats for a whole host of European labels such as Skam and joined forces with IDM activists like Funckarma, Shadow Huntaz have firmly rooted themselves in our musical minds. Their collaboration with Kareem has given fruit to 11 tracks which showcase how Kareem's lo-fi soundwaves and minimal structures are complemented by the up-front lyrics delivered by Nongenetic, Breaff and Sabdullah of Shadow Huntaz.

Complex vocals combined with IDM-textured compositions, dark loops and cut-up breakbeats makes for one killah record. If there's gonna be a soundtrack to the apocalypse then Shadow Huntaz will be number one on the boom box.
