The Michelles

Springtime

Tim, the main singer songwriter of THE MICHELLES, grew up in a small town in southern Virginia, USA. He dropped out of University and ran away to London to start a band. The band got together in January 2006, playing melodic American & English influenced indie-pop. They sing about lost love, the big city, and leaving home, classic emotions with a timeless style. Let's dance.

Their first single, "Springtime," received many great reviews and was featured in NME in late 2006. It was released on a small British label focused on the UK, in co-operation with kitty-yo and now we're going to licence the single and re-release it.

In the meantime THE MICHELLES have been touring a lot. Playing their own shows and supporting acts such as The Horrors, The Pipettes, The Rifles, Chikinki, Robots In Disguise, and The Young Knives during their short time as a band.

They continue to tour extensively as their profile rises in the UK and Continental Europe

A second single is going to be released in the near future and the boys are also working on their first album.

THE MICHELLES are:

TIM - rhythm guitar - Rock & Roll through and thru with a touch of southern hospitality. He likes to scream when he can. The only rich person type thing he can do is play tennis. Dances his way into far too many awkward situations..can moonwalk, ChaChaCha, and say all the books of the Bible real fast.

GRAEME - drums - The quiet one. A polite gentleman and a properly amazing animator. Plays pop drums in a classic 60's kind of style.

JULIAN - bass - A young gun & a rebel with too many causes; raised by wild city wolves on the mean streets. He plays his bass with a barn burning stomp.
